Where we act

Inventa provides the specialized business and legal support a successful IP strategy requires, built on long-term relationships of trust and reliability.

A network of offices across Europe and Africa lets us combine local expertise with an international perspective.

EUROPE

Strategically based in Portugal

Our location within the EU allows us to act swiftly and efficiently across all member states. We provide tailored guidance to ensure full compliance with the complex legal and procedural requirements of EU intellectual property systems, helping clients secure and manage their rights effectively across the European market.

AFRICA

On-the-ground teams across Africa

Protecting Intellectual Property in African countries can be particularly challenging. Inventa's local teams allow us to navigate bureaucracy, cultural nuances, and language barriers effectively. We maintain a broad network of local representatives throughout the African region and operate before the regional organizations ARIPO and OAPI.

EXPERT COMMENTARY

Our experts are available to comment on every area of Intellectual Property, from trademarks, patents, designs, copyright and domain names to litigation, enforcement and IP strategy, across Portugal, the EU and Africa.

QUOTING OUR ARTICLES

Articles may be quoted, provided they are attributed to the author and Inventa and include a link to the original article. We also ask that you inform our Marketing department beforehand at marketing@inventa.com.

Logo usage

LOCKUPS

With sector line. Default for press and audiences that may not know the firm.

Reverse logo, no sector line. On dark solid backgrounds or dark photography.

Solid logo. On white or light backgrounds where contrast is sufficient.

CLEAR SPACE & SCALE

A minimum clear space must always surround the logo to safeguard its correct visibility. Keep headlines, text, photography and the edge of the page outside that space, and reproduce the logo large enough to stay legible.

LOGO DON'TS

It's important to maintain the integrity of our logo. The logo must never be altered, re-drawn, or manipulated in any way.

Do not apply transitions such as rotation

Do not reposition elements

Do not distort

Do not remove elements
